## LONG BIO:

Nubia DuVall Wilson is a survivor of child sexual abuse igniting social impact through storytelling. A master communicator, Nubia is a published author, journalist and founder of [Cielo Consulting](#), a boutique public relations and marketing agency. She creates content for fellow survivors on [nubiaduvall.com](http://nubiaduvall.com) and on Instagram [@encounterswithnubia](#).

As a storyteller, her mission is to liberate survivors of the struggles of life after enduring sexual abuse by curating content that supports their wellbeing and gives them a voice and a community to embrace the reality of living and loving after an assault. In May 2018, she published her second book, *The Survivors Club*, a mind-bending, supernatural novella inspired by her journey to heal. It is also the inspiration behind a TV Pilot currently being optioned.

A nationally-recognized published writer and advocate for survivors of abuse, when Nubia is not managing the day-to-day operations of her firm, she speaks to organizations, groups, and survivors to break through the silence around the high prevalence of child sexual abuse in the United States. With a deep understanding of this issue among women of color, Nubia's talks highlight the long-term effects of abuse into adulthood, such as PTSD (post-traumatic stress disorder) and how it impacts parenting, leadership and body positivity. Nubia has been featured in *SWAAY*, *Where Women Work*, *Medium*, *BuzzFeed* and *Thrive Global*, among others. She has spoken about survivorship, mental health and communications at Trinitas Medical Center, Bloomingdale, Medgar Evers College CUNY and the Own Your Voice Summit.

Through her healing process, she has learned about the importance of community and has since created a secret [Facebook group](#) for those who are survivors of abuse, who have PTSD and/or any other mental illness and who need a safe space to connect with others.

Nubia is a graduate of Barnard College, Columbia University, with a degree in English and a minor in Religion. Today, she resides in New Jersey with her husband and two kids.
